

Atlanta Sponsorship Program

BDPA Technology Foundation Atlanta Corporate Sponsorship Program Overview

BDPA Atlanta Technology Foundation (BATF) recognizes the need for continued advancement of underrepresented groups in technology. The city of Atlanta is the Southern hub for technology therefore BATF facilitates programs to ensure we meet the need of S.T.E.A.M. (Science, Technology, Engineering, Arts, & Math) for students, as well as the continued development of business professionals. We offer programs for students, IT professionals and senior executives, as well as entrepreneurs. Our objective is to be a premier organization meeting the needs of the metro-Atlanta community.

BDPA Atlanta Corporate Sponsorship Purpose

The purpose of sponsorship is simple; develop the programs necessary to meet the needs of our community by growing children in S.T.E.A.M. and developing business professionals. We will build strong relationships with corporate entities that believe and truly understand that only by partnering with like-minded organizations such as BDPA can we meet the needs of tomorrow, spurring innovation and critical thinking skills that build the kind of individuals companies seek to employ. Your sponsorship in BDPA Atlanta impacts underserved communities positively and through our combined efforts improves the economic outcomes of those we engage in our programs.

Corporate sponsorship will allow BDPA Atlanta to develop professionals, which can assist in meeting corporate goals and objectives for recruiting, employee development, and philanthropic endeavors. BDPA Atlanta could not successfully contribute to the community-at-large without the support of local corporate sponsors. This is why we need you.

BDPA Atlanta Monthly Meetings

BDPA Atlanta hosts monthly meetings to promote the continued growth of attendees in the following areas:

- Professional & Career Development
- Leadership Development
- Technical development
- Workshops for hands-on experience

BDPA Atlanta encourages sponsors to share monthly meetings with employees that may benefit from attending the sessions. Entry into the monthly meeting is free! Monthly meeting sponsorships include, but are not limited to:

- Facility host
- Virtual Meeting host
- Food sponsor
- Swag Sponsor
- Raffle Sponsor
- Speaker or moderator
- Speaker Appreciation Sponsor
- Announcements

STEM Programs and Activities

BDPA Atlanta's STEM program is open to any student interested in advancing their technology skills (novice to master).

SITES

The Student Information Technology Education and Scholarship (S.I.T.E.S) program introduces minority middle school/high school students to the field of Information Technology through training classes and seminars. In addition to technical training, participating students are able to acquire important business and life skills such as public speaking, creating presentations, goal setting, team building and time management.

The S.I.T.E.S program encourages students to learn and participate in the Information Technology field. This program has grown extensively over the years and is the umbrella for several educational programs dedicated to developing students in the field of Information Technology. These programs include:

- HSCC High School Computer Competition
- YTC Youth Technology Camp
- ACE Advance Computer Education
- IT Showcase

HSCC students learn how to develop web applications using CSS, HTML, JavaScript, PHP, Python, and MySQL.

Our MAC (Mobile Application Competition) students develop iOS or Android mobile applications using React Native.

The STEM program begins the last week of January and completes the week of the BDPA National Conference. Students meet every Saturday and minimum weekdays, except holidays. If you have students interested in participating, please contact <u>director@batf-stem.org</u>.

Sponsorship Benefits

BDPA Atlanta offers sponsorship recognition levels based upon annual cash contributions provided to support our events and programs. By supporting BDPA Atlanta you are supporting our mission to develop our community's next leaders and innovators.

Contact us by email (director@batf-stem.org) for more details on our sponsorship programs.
